Organ Building, Tuning, & Maintenance

Chamber Organ, Opus 1

Proposed design

To build a new chamber organ based on existing pipework, with a new 4 stop soundboard, new case, new bellows, new rosewood keyboard, a reconditioned blower, and the organ will be tuned to Stanhope (1801) Temperament, A=415Hz. The display pipes will be from the Fifteenth 2'.

Specification

Stopped Diapason	8
Chimney Flute	4
Fifteenth	2
Spare
